

# DJ Skirts Speaker Stand Covers

\* Speaker and speaker stand not included

## Description:

- Sold in pairs, a complete cover for the 3-legs and vertical pole of a tripod speaker stand

## Color:

- Black

## Set-up Time:

- Under 3-minutes pair (1:21 each stand or 2:42 pair)

## Read More:

- Hides cables/cords
- Covers up scratches, dents, metal and chrome tubing, improving its appearance to look more professional
- Each Speaker Stand Cover is also known as the tripod skirt and pole sleeve (2-tripod skirts and 2-pole sleeves included)
- Visit [www.DJSkirts.com/pdf](http://www.DJSkirts.com/pdf) to match up your speaker stand brand and model to our recommended size
- Tripod skirt wraps around the 3-legs and fastens with a Velcro-style strap, to secure it around the pole just above the point where the 3-legs meet.
- The pole sleeve securely fastens using the attached strap which wraps around the pole, and through a D-ring with Velcro style fastening
- A rubber style grip is sewn in at the top, to prevent the pole sleeve from slipping down the pole
- When the pole sleeve is not fully extended, it simply gathers at the bottom of the pole, above the delta collar, for an elegant "ruffled" look
- For easy tear down and set-up for next use, pole sleeve may be left on as you pack up!
- Shirred pleating provides built-in horizontal pleats on the front of tripod skirts and pole sleeves, to further enhance appearance
- Total blackout material (cannot see through when set up)
- May be folded or rolled up until next use

## Fabric Information:

- Wrinkle resistant
- Polyester
- Wash in warm water gentle cycle, tumble dry on low heat
- Passes NFPA 701 (FIRE CODE TEST)
